

A Virtual Career Fair

Thursday, January 28, 2021

8:00 am – 4:00 pm

The Statewide JA Inspire Virtual is a coalition of educators and industry leaders, led by Junior Achievement of Oklahoma. At the center of our work is a powerful, virtual career exploration event that will be open to reaching students across the state and measuring their participation through engagement and impact.

8th grade students from across Oklahoma

Formally integrated into school curriculum

Interactive showcase of careers from around the Tulsa and Oklahoma City regions

Customizable exhibitor booths will allow sponsors to feature downloadable career information, photos and on-the-job videos

Why JA Inspire Virtual? Students will begin their exploration with mostly abstract notions and will end up focused and activated, with real insights on what industries interest them, what specific jobs are like and what education is required to do them successfully. JA Inspire offers students the opportunity to learn about careers directly from industry representatives in time to begin planning their high school course work and better prepare themselves for life after high school graduation. Not all students receive career mentorship at home. For businesses, this is a chance to build your future workforce.
